

Running Wikipedia Running is a method of terrestrial locomotion allowing humans and other animals to move rapidly on foot Running is a type of gait characterized by an aerial phase in which all feet are above the ground though there are exceptions. This is in contrast to walking, where one foot is always in contact with the ground, the legs are kept mostly straight and the Running Events, Tips Race Results Cool Running Cool Running is a complete resource for runners, offering a race calendar, race results listings, running training advice, interactive tools Brooks Running Shoes, Apparel, and Sports Bras Brooks designs superior running shoes and apparel for men and women Free shipping and free returns Brooks Running Runner s World The online home of Runner s World magazine Running news, training advice, inspiring stories, running shoe reviews, gear tips, and .
