happy family memories, they're attending court hearings, adjusting to new foster homes and transitioning to new schools. In Flint, Mich., there's so much lead in children's blood. For months, worried parents in Flint, Mich., arrived at their pediatricians' offices in droves. Holding a toddler by the hand or an infant in their arms, they all have the same question: Are their children being poisoned? To find out, all it takes is a prick of the finger, a small letting of blood.

UNICEF Convention on the Rights of the Child: The Convention on the Rights of the Child is the most rapidly and widely ratified international human rights treaty in history. The Convention changed the way children are viewed and treated i.e., as human beings with a distinct set of rights instead of as passive objects of care and charity.
